ND-C60E

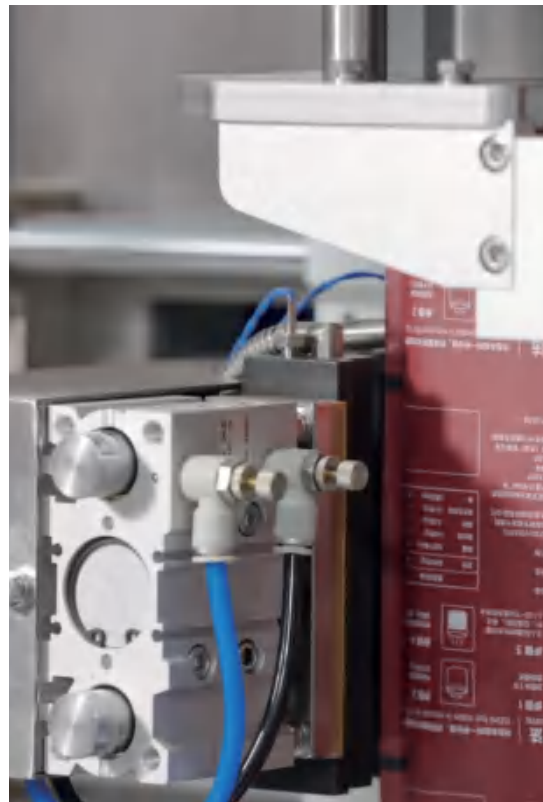

Grow Your Brand with the Global Rise of Drip Coffee.

Drip coffee is booming worldwide-thanks to its great taste, easy brewing, and perfect fit for today-s fast-paced lifestyle. ND-C60E helps your brand tap into this growing market by delivering consistent, clean, and high-quality packaging at scale.

Why Brands Choose ND-C60E

Whether you're a specialty coffee roaster, private label supplier, or OEM partner, ND-C60E is built to meet your goals.

- Boost Productivity - Up to 65 bags/min with consistent performance
- Preserve Freshness - Nitrogen flushing + low oxygen retention (<0.8%)
- Yaskawa 3-servo + Schneider Electric – imported reliability, unwavering high-speed performance.
- Better Taste Protection - Ultrasonic sealing prevents aroma loss from heat
- Easy to Use - Multilingual touchscreen, quick format change
- Designed for Hygiene - Modular layout for fast cleaning & maintenance
- Smart & Connected - Mobile control and OTA system updates
- Less Waste - Auto stop & alarm prevent material loss
